

7/27/2011

To All Prospective Coaches;

Ozaukee Lacrosse is searching for a JV Coach for its fledgling high school lacrosse program. We feel the time is right for our organization to add a high school team to its already developing youth programs.

Ozaukee Lacrosse would like to enter play as a JV team in 2012, with the goal of having a Varsity team by 2014 . The ideal candidate will be given every opportunity to be promoted from the JV Coach to the Varsity Coach at that time.

This is a great opportunity for a current JV Coach or Assistant looking to take a step up in their coaching careers. You will have a chance to build a high school program from the ground floor with the backing of a youth program which has 160 youth playing lacrosse in 2011, and even more expected in 2012. Ozaukee County is a community that includes five high schools.

As coach, you will be working with the Board of Directors and youth coaches to build a consistent organization from the development program to the high school's program. The development of players, offensive strategies, and player retention are just a few areas you will have input into for the organization. As the coach, you will also be working with the Athletic Directors to help promote the sport, meeting with parents, fall ball, and continuing on with the growth of lacrosse in Ozaukee County.

Ozaukee Lacrosse is a not-for-profit organization, as such all of our coaches and members are volunteers. This may change, if the area high schools would decide to add lacrosse to their other sports offerings. Until then, none of our coaches receive a salary.

If interested, or would like some more information, please feel to contact Bret Naggs or Keven Ringgold. Contact information is below.

Sincerely,

Bret Naggs
